

THE WORLD-LEVEL POWER COVENANT

October 12, 2024

1:34 p.m.

YAHWEH SAYS THE FULL WAY:

The powerful Yahweh is ready to make a standing power vow for the new level of work. The power covenant has provision, protection, and power. The wisdom from Yahweh will filter through the work at a greater level than what was done. Now, the veil will fully come off, and the servant will have a final way of power presenting her. I vow to back up you and our world-level work. I vow to turn your way into a modern-day prophet of old. I vow to bring in a power level that turns natural human DNA. I vow to push all the active messages. I vow to have your way drink in the fullness of mantle life. I now call forward your actual workers. I move out from the old, dead former placing. Now, come and have a complete placing as a world-level prophet. Let Halloween start the battle call. Let the coming Christmas Day show your whole way. Let the people look at you. Let's build a power outlet to have a great soul harvest come forward. I will back up the work; I vow it. And what I need from you is complete yielding.
