SUSANNA SAYS IT:

What if Yahweh was waiting? What if Yahweh wanted to see the ones who would stand with Him no matter what? Yahweh observes people. He looks at how they behave in public places and behind closed doors. Yahweh looks, and He waits patiently to see where you really stand. They say a certain amount of sins can send you to Hell. What if Yahweh is actually looking at your heart? What if Yahweh looks at how you treat His written Word? What if Yahweh looks at how you ignore His Great Spirit?

How much longer should Yahweh wait before bringing forward judgment? Should Yahweh wait? You might be afraid to answer me here because of backlash. Are you praying for houses, cars, and wealth? Do you come before me asking me to give you a word? Yahweh does not bend to human cravings, but He does see and gives us our daily bread. Yahweh is waiting patiently. The One True God is waiting.

YAHWEH SAYS IT:

But I will not wait forever. I will not wait until the people see clearly. My warnings come forward; that is a grace factor. But one day, the judgments will begin to take over. I will slowly remove grace to prepare for the age of the antichrist, and no one can beg Me to bend. I will not listen. I will not hear you. Servant, don't wait any longer. Didn't a man say that a powerful woman prophet judge is coming out of Texas?
